Portrait of the Studio's Kitty Cats ① Mira (♀)

The name Mira comes from the English word "Mirror", because in the beginning she looked just like a mirror image of Sora. Originally we brought her home to be Sora's wife, but she was only a three month old kitten then — in human terms, only about five years old. We thought a "result" might be some time away yet, but before the week was out she was pregnant!

At this point I really have to say Sora is really an animal! Not to mention the day that she gave birth turned out be the deadline, and the vet told us that due to her small size, she might have to give birth by Caesarean section, making us update the vet regularly over the phone on her condition even as we were slaving away on the drafts. In the end however she gave birth to six kittens safely (SIX!? Such a small tummy can actually fit SIX kittens!?). Mira was really an outstanding parent after she became a mother. Usually if the mother is too young (when Mira gave birth, she was equivalent to a ten year girl) the mother cat might end up ignoring the kittens, but faced with kittens who were bigger than her, she not only let them suckle often, even after they were weaned she'd give her kittens the cheese that we feed to her first instead. However if she accidentally drops the cheese she's carrying, she'll seem to forget why she was carrying the cheese and just start eating it — Mira is now the smallest cat out of all of our cats, but she can pick the other larger cats up by the scruff of their necks with ease. All of her kittens are also scared to death of her! Hmm... she certainly acts like a proper mother!

Mira: "How dare you lot answer back to your mother!"
—please note Mira's tail

Portrait of the Studio's Kitty Cats ② Sumo (♂)

From the back this cat looks just like a cow, so his name as a kitten was "Moo" and when he grew up he became "Sumo". This guy is really slow and if you tease him with a cat teasing brush he'll never go after it on his own but will only play when the brush gets close.

When he goes to sleep he will also roll over on his back. Even if he sees us preparing to step on his tummy with our feet, he won't think of running away. When fighting for food he always comes last... but out of all the cats he is the cutest. Every time that the work isn't going well once we see his slightly stupid look all our troubles just fly away.

If he does have a flaw it's that he doesn't really like being hugged by people. And also for some reason, every time my wife is wiping the floor he will go and jump on her back, then fall off — god knows what's so fun about that.

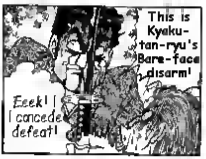
*MANGA JU-DAN VS KO-RYU MARTIAL ARTS

By Nanba Ittousai



I went to the optometrist for an examination and discovered that I had Dry Eye—

sunda* and *sunkei

As their names suggests they describe a technique where striking power is generated without needing the martial artist to take a swing at the opponent

Something more than pure muscle power obviously is involved here— perhaps think of it as a tightly wound spring which is unleashed suddenly and explosively

A famous example of *sunkei* is Bruce Lee's One Inch Punch —no need for wild swings which leaves you wide open— instead his fists move into position then WHAM the enemy is sent reeling

Not the end you want to be looking at

Portraits of the Studio's Kitty Cats ③ Miramo (♀)

All the readers probably know that the name "Miramo" comes from "Cat born with Mira as her Model" after minor contractions right? To be honest when we named her it was simply because she looked a lot like Mira but we didn't imagine that when grown up her personality and traits would also have a lot in common with Mira – she is practically Mira's clone!

When she was small she was happy to play with everyone but after she grew up for some reason she would only rub up against me. Now whenever she sees other people (including my wife and assistants) she'll run away in a flash earning her the title of "Mystery Cat".

Out of all the cats that I have seen, Miramo is probably the one that really loves to cuddle most. She'd often jump on my lap to get her tummy tickled, her ears rubbed or her fur stroked. Basically she's won't be happy until she forces me to stop working and "satisfy" her.

However of all my cats she is probably the smartest and I have seen her jump onto the door handle and open the door with ease. Basically none of the doors can stop her now so once I turn on the air conditioning or the heater it won't be long before I see her form on the bed or on the carpet.

Miramo
Known for her shyness everyone calls her the "Mystery Cat"

Portrait of the Studio's Kitty Cats ④ Mirani ♀

The origins of this name is the same as Mirame but when she grew up she didn't resemble Mommy Mira but instead resembles Papa Sano more

"A Dog in Cat's Clothing" is a perfect way to describe her. She sometimes start chasing people around going "Miaow" all the time or just speed by in front of people she sees coming down the stairs. I've nearly fallen down the stairs a few times trying to avoid her!

These are nothing however, compared to her habit of carrying things from place to place. Sometimes it's the assistants' slippers or towels or some unlucky person's shoes from the entry. The most spectacular was when she carried off my wife's underwear and hid it

The biggest thing that she carried off was the rug from the siesta room. Maybe the rug was too big, because when we followed the trail out into the corridor we were astounded to discover that she had torn the rug in half — one part left lying there and the other is still missing....

Basically if you hear her making strange noises and go into a room, it won't be long before you see her slip out of the room with something in her mouth

However up until today I still have not managed to get a snapshot of this Wonder of the World in action, probably because she always does this while everyone is too busy to notice!

If you aren't careful towels under wear or even shoes will be carried away

If one of his siblings is seen to have food he will immediately go and steal it from them. He'll then eat it as if it was his all along.
If he thinks another cat has taken over his favorite spot for an afternoon nap he'll just shove them out of the way.
The worst thing is no matter how we scold him he still doesn't seem to give a damn — as if he wasn't the cat getting scolded!
His only nemesis is Mommy Mira and he never dares to be naughty when Mira is around acting for all the world like a good boy.

Portrait of the ⑤ Studio's Kitty Cats

T (太)

His full name is Thong because of his nose. It was originally just a joke but after a while it became his official name. (That's how cats are usually named)

His odd appearance has left quite an impression on me so I eventually started thinking of him as the first kitten to be born — the eldest son as it were.

Human eldest sons tend to be the one with the strength of character and ability to inherit the family business or just a wastrel who runs the business into the ground while spending money on leisure and abusing his privileges.

Unfortunately it looks like T is one of the latter.

T: "My fur color isn't the same as the other cats!"

Thong (太)
His name comes from how his nose looks. Called that for fun originally it somehow became his name.

Portrait of the Studio's Kitty Cats ⑥ Chocho ♀

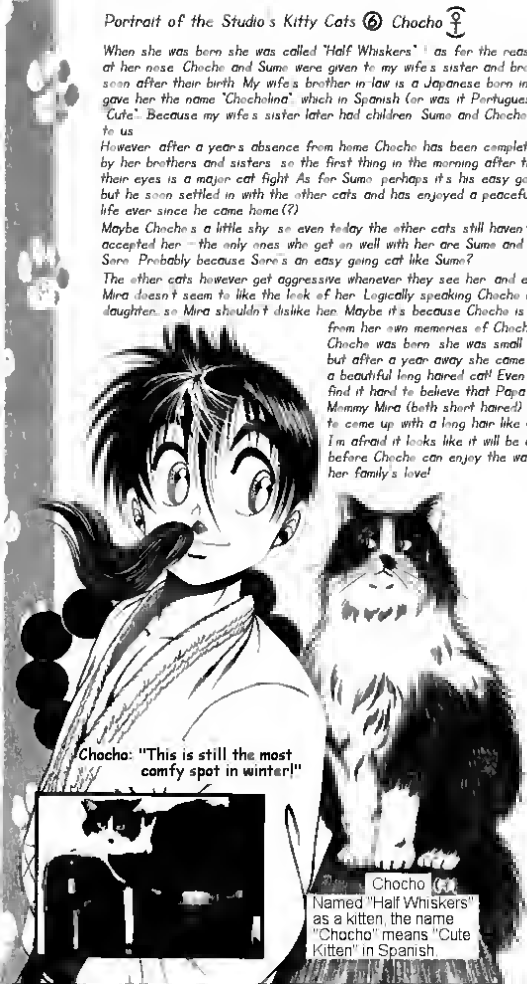
When she was born she was called "Half Whiskers" ! as for the reason just look at her nose. Chocho and Sume were given to my wife's sister and brother in law soon after their birth. My wife's brother in law is a Japanese born in Peru, and he gave her the name "Chochelina", which in Spanish (or was it Portuguese?) meant "Cute". Because my wife's sister later had children Sume and Chocho came back to us.

However after a year's absence from home Chocho has been completely forgotten by her brothers and sisters so the first thing in the morning after they open their eyes is a major cat fight. As for Sume perhaps it's his easy going attitude but he soon settled in with the other cats and has enjoyed a peaceful and happy life ever since he came home (?)

Maybe Chocho's a little shy so even today the other cats still haven't really accepted her — the only ones who get on well with her are Sume and her father Sore. Probably because Sore's an easy going cat like Sume?

The other cats however get aggressive whenever they see her and even Mommy Mira doesn't seem to like the look of her. Logically speaking Chocho is her baby daughter, so Mira shouldn't dislike her. Maybe it's because Chocho is so different from her own memories of Chocho? When Chocho was born she was small and weak but after a year away she came back as a beautiful long haired cat! Even us humans find it hard to believe that Papa Sore and Mommy Mira (both short haired) managed to come up with a long hair like Chocho!

I'm afraid it looks like it will be a while before Chocho can enjoy the warmth of her family's love!



Chocho ♀
Named "Half Whiskers" as a kitten, the name "Chocho" means "Cute Kitten" in Spanish.

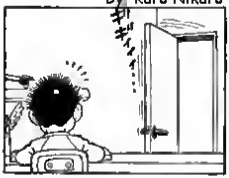
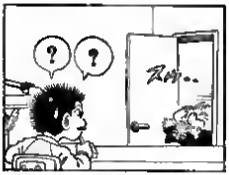
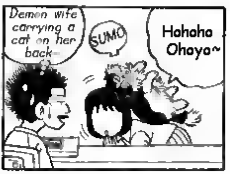
"TALES FROM THE STUDIO"
By: Kuro Nikuro







Sumo prefers to be with my wife

Byousatsu

The literal translation is "Second Killer" where the "second" is the unit of time (1/60 of a minute). The original translation used by me was "Sudden Death" but now that everyone has the idea I will switch to using the Japanese translation instead. Shorter.

Kahari

The shushou of the 7th Women's Judo Club has the problem that other characters have trouble remembering her proper name. While the Chinese edition uses "Hegari" this does not seem to be a proper Japanese pun (or name) so I opted to use *Kahari* - which can mean "inferior".

Love Hotel Pricing

"Rest" is 4000 yen on weekdays and 4500 yen on Saturday and Sunday.

"Stays" (overnight) is 7000 yen for weekdays 8000 yen for Fridays and the day before public holidays. Sunday and public holidays costs 6000 yen.

The rest refers to the "hours" the hotel operates on. This is obviously just a general guide. Depending on the location and quality of the hotel the prices may vary.

Actually...
Some readers complain that this series progresses far too slowly...

Portrait of the Studio's Kitty Cats ⑦ Soro ♂

The oldest most senior cat in the studio is the fat cat Soro introduced below Soro was my first pet ever so he can be said to have been spoilt rotten! (He bore the full brunt of my pranks and teasing as well hehe!) Naturally he was fed on a gourmet diet after all it was just one cat at that time
Even his tinned cat food were the best available and included delicacies we humans might not even get to eat such as crabs fugu Matsusaka beef all of these have turned up in his bowl at one time or another (Some people must be jumping up and down in fury by now!) The result of feeding him all of these is making him look like a pig if you don't believe look at the photos below!
He seems to have got tired of all the gourmet stuff lately and is now addicted to "Kali Kali" which he has a whole pack of everyday! Soro is also the only cat in the family allowed to go outside but his tummy is already so big that the neighbours all think he is a pregnant female cat that's about due to give birth!
How can a man continue to live in this pathetic state?
Soro has his cute side too though
If you go stand at the door and yell "Soro!" you'll soon see him waddling towards you with his big round tummy That is so funny and heart warming to see Who says cats aren't good pets?

My husband is a beast!

"THE OTHER OWNER"
By Aoyama

When it gets really busy the cats bug my assistants for food instead

Cat Food

Fugu is that notorious Japanese delicacy made from the extremely poisonous puffer fish. It is extremely expensive and well for it to be turned into cat food is odd to say the least

Finely sliced "fugu" It has to be sliced into nearly transparent pieces to make sure all traces of the puffer-fish's poison is washed away particularly if it's to be eaten raw

Matsusaka beef is another famous Japanese delicacy. The specially bred cattle are fed on beer and regularly massaged to make sure their fat is evenly distributed through their flesh giving their beef a unique marbled appearance. They are guaranteed to give your doctor a heart attack

Steaks of Matsusaka beef. For reference a sirloin steak is 16 000 yen. It is also sliced thinly for Shabu Shabu hot pots and in slightly thicker pieces for grilling on a hot plate. Not the white "veiny" look that's all fat

You just stay in bed like a good girl today!
Doesn't the tournament go for two days?
Really !
POW
Why don't you just go tomorrow after the fever has gone down?
If we lose today there will be no tomorrow!

I now declare granny to be "Kumi for a day!"
Hai?
You just hold it right there!
But, but she isn't in the club, and isn't a student...
EXACTLY! WHAT IF WE GET CAUGHT?
What's an old person doing in a high school tournament?
Isn't there one on your back?
You're over 20 yourself, right?
I have a lot of experience acting for other people so don't risk it rely on me instead!
How about it?
As long as we don't get caught taking a risk is still more reliable!
NONE OF THE ABOVE!
I am the one who will be competing!
No one is allowed to take my place!
And... And...
This time I must... Misugi shushai...

A day's rest and you'll be fine right?
-This isn't the flu anyway-
...Ah?
...I don't think you can even stand up!
Send Her Flying
Kumi!
Before that happens, just rest quietly, and leave the matches up to granny!
As long as everything goes well, we and the First Judo Club will be facing each other tomorrow!
...Shu-shou...
Until we hear what granny herself thinks...
I feel that this matter should wait...
!?
Give me a back rub.
Hmm!
Then what good is me being the reserve?
Please, please wait!
LIKE THIS?

It's been decades since I last entered in a tournament!
She's finally awake.
..Looks like we don't need to ask...
What shall I wear?
Urr...
Judagi!
Don't worry about her matches...
As for granny...
You will just be one more person to worry about if you go!
..I am still worried about granny...
Uu.K

...I want to ask people the way...
But all of them here-
The worry is that she will get lost
I'm already lost

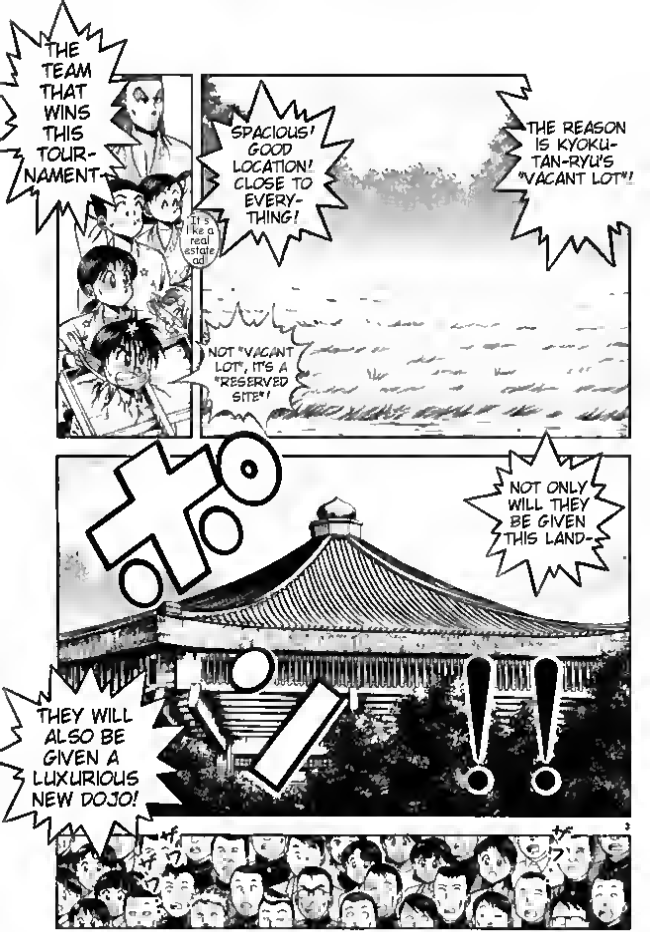
Nice
don't do the same th ng you d d 2 years ago!
THIS YEAR'S COMPETITION IN THE JUDO DIVISION IS SURE TO BE THE MOST EXCITING ONE EVER!
OF COURSE, THERE IS A REASON-
!!
EVERYONE, PLEASE LOOK AT THE BIG SCREEN NOW!



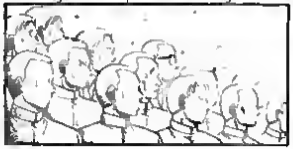
THE TEAM THAT WINS THIS TOURNAMENT-
It's like a real estate ad!
SPACIOUS! GOOD LOCATION! CLOSE TO EVERYTHING!
THE REASON IS KYOKUTAN-RYU'S "VACANT LOT"!
NOT "VACANT LOT", IT'S A "RESERVED SITE"!
NOT ONLY WILL THEY BE GIVEN THIS LAND-
THEY WILL ALSO BE GIVEN A LUXURIOUS NEW DOJO!

YOU DON'T HAVE TO BUILD A DOJO EITHER-
YOU CAN BUILD THE FACILITIES OF YOUR DREAMS INSTEAD!
I told you we should've entered
Can we sign up now?
So the rumors were true
THE STUDENT COUNCIL WILL FOOT THE ENTIRE BILL!
Hahaha! Just take it out of our plumbing maintenance budget!
Hah!
I don't care about the new dojo
My real goal is...
NEXT UP, WE WILL HAVE A FEW WORDS FROM THE STUDENT COUNCIL PRESIDENT WHO IS PROVIDING SUCH A GREAT PRIZE-
Eh?

Kaicho—Weird Bird sounds the same as (Council) president in Japanese

HA HA HA
I can almost hear the laughter coming from the Budokan all the way through the atmosphere!
Should have sent him out of the galaxy
...Just a little joke to start things off!
So that's it. His jokes are more suitable for old people
Except for me!
"President" becomes "Weird Bird"
This person is so funny...!
Oh God
Even if you aren't the overall winner-
You still have other wonderful opportunities!
HOW-EVER!
I believe everyone knows what the grand prize of this tournament will be by now?
If you can defeat Kotaro Shindo's Kyokutan-ryu-

RKC: Original was a pun between "High Amount" and "High Forehead"



Opening Ceremony is hereby concluded

There's still 30 minutes before the tournament starts

A weird thing on your head and doing a weird dance-
Isn't that a cult thing?
It was weird

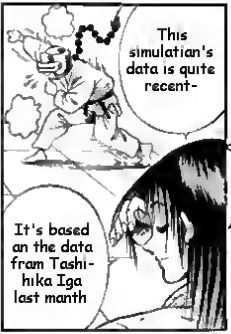
But they were the champians last year
WH-AT?



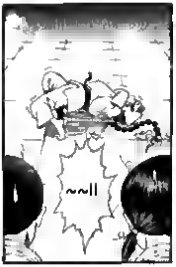
This simulatian's data is quite recent-
It's based an the data fram Tashi-hika Iga last manth

Last month? Wasn't that when he and Shindo shu-shou fought?

Sa that's it!

MY JUDO IS THE JUDO OF MODERN SCIENCE!
SCIENCE IS ALL ABOUT FINDING THINGS OUT!
COLLECT ALL OF THE ENEMY'S DATA AND WEAK-NESSES BEFORE ANALYZING THEM-
THAT IS THE REASON WHY MY TEIKOKU JUDO CLUB REMAINS UNDEFEATED!
If that's nat called spying then what is it

NO WONDER IT HASN'T IMPROVED AT ALL!



~~ll

HE!

Did he win?
Did he lose?

No Way!
No

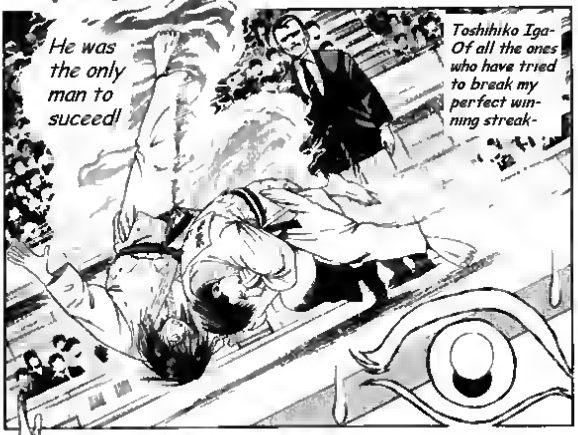
18

As we thought...
He is not an opponent we can treat lightly...

An ippon scored by using an Ashi Harai!
Did everyone see that?
Couldn't see

It looks like he can beat you already !
Yeah
But-
After just a month of Judo training
!!!
Wouldn't be "Fun" at all
If he wasn't this kind of person then the match with him
19
My turn now!
MOROH! HAHA LOSER!
WAH-HAHAHA! Do you admit that you suck now? If you won't get up!
He's this kind of person too

That Ashi Harai kicked ass!
Well, did you see that?
This is so hard to be lieve
This



He was the only man to suceed!
Toshihiko Iga- Of all the ones who have tried to break my perfect winning streak-

His hair...!!

And this system with the same level of skill as Iga-
You are more childish each day

That kind of...

There's no way I can...
Is it that guy ?
His hair style is really lame!
It can be no one else but him!
Super lame hair-
A real comed an
What?
As part of this school's Judo community-
Isn't it more polite for the one doing the asking to give his own name first?
WHO ARE YOU!

Never even heard of it!
THE NAME OF SHINKURO MIKADO, SHUSHOU OF THE TEIKOKU JUDO CLUB?
HOW CAN YOU NOT KNOW-
Shinkuro Mikado... hmm...
You know him!
This... I told you a few issues ago
I've told them!
Hm!
Ignorant fool!
...That hair style is really annoying me...
!?
So what?

As the boss of a martial arts club in this school-
If you still don't know who this guy is you are the ignorant fool here!
TAKO!
IGA!
HOW DARE YOU SPY ON ME! SHAME-LESS!
HOW CAN YOU SAY THAT WITH A STRAIGHT FACE?
You two!
Good morning Uroshino senpai!
Hey! Toko
Hmph!
I already knew you were spying on Iga when he trains!
It's just thot-
You were probably wasting your time!
Whot!

You will face Kotaro Shindo senpai's Kyokutan-ryu first!
Even if you end up getting through the elimnation rounds-
Before you guys meet the First Judo Club-
!?
Kotoro Shindo? Kyokuton-ryu-?

As well as that-
Ho ho ho!
He is the biggest Eye of the Hurricane in this tournament!
Better use this chance to get to know him!
And meet us in the Finals-
Even if you do manage to avoid the hurricane-
Tako-
The "Iga" that you have is not the same as the "Toshihiko Iga" one month later!
Please don't forget-

You think you have a treasure in that Iga video game-
Say no more...
But isn't that data still a month old already?
Video game?
Has offended Shindo senpai
OOF
Ho ho ho ho!
Only an idiot would believe beating that video game means anything!

This particular form of team competition allows each member of the team only one appearance (usually) So when two teams face each other the first competitor (the senpou) fights the other team s senpou When their match is decided the second competitor (shipou) now fights the other team s shipou The winner of the round is the team with the most Ippons

The alternative is for the winner of the senpou match to fight the other team s shipou with the winner of that to fight the next person from the other team and so on the team to run out of new people to send first is the loser
